Subject: RE: Next ARSG Meeting

Hi, All.

Just a couple of thoughts. Yes, I think we should still meet with the town board. Since we will have time on Tuesday morning, we may want to offer to meet individually with the town board members and/or town manager to answer any questions they may have or provide additional information. We haven't had a chance to get acquainted with them, yet, and this may be a good opportunity to do that. I also like the idea of meeting with the town planner that morning.

The county commissioners may be interested in what we present to the town board on Monday night, and we could offer to meet individually with them and/or Willy Tookey, as well.

Since we aren't sure how our negotiations will end up with SGC, I don't know about meeting with Bev Rich on this trip. She may have some questions about the Mayflower Mill site that we won't be at liberty to discuss.

I'm fine with coming back on Tuesday instead of staying over until Wednesday morning.

Cynthia

Liz & Cynthia - It looks like we won't be having an ARSG meeting in March but I think we should still keep our meeting with the Silverton Town Council scheduled for Monday, March 23rd. Anything else that we can do while we are in Silverton – like on Tuesday AM – like meet with the town planner or Bev Rich? I would really like to touch base with Bev Rich.

If we can do a couple of things on Tuesday AM then we should change our return flight to Tuesday afternoon instead of Wednesday AM. Let me know what you think?

Subject: Next ARSG Meeting

Dear Stakeholders – We are not planning on a meeting in March, so the next meeting will be the fourth Tuesday of April, the 28th. There are several reports that should be ready to discuss at the April meeting, so we anticipate having a long session with a lot to digest. Don't know yet if we

will meet in the afternoon or evening, or both.

Also, attached is the response from Sunnyside Gold to the letter sent to them by EPA, BLM, and CDPHE.

Finally getting some substantial snow in the mountains. Hopefully it will keep going through March.
